The suit of Carrie G. Colby, with the claims of Mrs. Dame, Morrill and Morrill for injuries received upon the highway in 1889, have been settled upon payment of $600. The suits of the Laconia Electric Lighting Co., and Wm. G. Cram against the town have also been settled.

Suits have been brought against G. Park Munsey, E. H. Blaisdell and N. L. Taylor, collectors of the town, who hold tax lists and collected funds, which they refuse to settle and pay into the treasury as the law requires.

Of the bills against the town, contracted before the division, we have paid during the current year $1,865.82, chiefly for breaking roads in the farming districts. There are some $2,000 of bills, in the Lakeport district, for the payment of which some means should be provided.

Ira J. Tibbetts, Treasurer.

Chas. H. Sleeper, Chas. W. Rollins, Wm. H. Weeks, } Selectmen of Gilford.

We, the undersigned, auditors of Gilford, have examined the foregoing accounts of the treasurer, selectmen and tax collector of said town, find them correctly cast and properly vouched.

John B. Morrill, Geo. W. Morrill, } Auditors of Gilford.

Highway Agents' Report.

Following is the report in detail of all sums expended by us for labor upon the highways in town for the fiscal year ending Feb. 15, 1895:

Library Report.

To the Selectmen and Citizens of the town of Gilford:

The Trustees of the Gilford Public Library are pleased to be able to report that the library is so well patronized, with a constantly increasing interest, as the following figures taken from the records of the Librarian will show:

There have been loaned from the library since it was opened, (Nov. 21, 1894) 551 volumes divided as follows: in November, 28; in December, 169; in January, 213; in February, 141. Of these 424 were works of fiction; 41 were history; 37 were general literature; 24 were travels; 10 were art and natural history; 9 were biography; 4 were poetry; 1 farm and household, and 1 regimental history.

There are in the library at the present time 232 volumes, which have been received as follows: from the state under chapter 8 of the Public Statutes, 105 volumes; from the secretary of state, (regimental historys) 6 volumes; purchased 80 volumes; donations from citizens, 40 volumes.

You library is well established and we think there is not a tax payer in town who regrets his part of the taxes that have gone for its support. Your trustees would recommend a liberal appropriation for its support the coming year.

Respectfully submitted,

THOMAS E. HUNT, Chairman,
JOHN B. MORRILL, Treasurer,
AUSTIN H. BENNETT, Secretary,

School Report.

In compliance with the laws of the State of New Hampshire, the undersigned, members of the School Board, respectfully submit to the citizens of the town, the following report:

It becomes our painful duty at this time to report the death of Miss Horatia A. Collins who was elected at our annual meeting to serve for a term of two years, By her long experience as a teacher, which covers a period of some ten years or more, she was highly qualified to render to the schools efficient service, not only in her care and direction of the schools under her immediate supervision, but also in her counsels to teachers and scholars. The vacancy occurring in the board was filled by the appointment of Perry E. Hunt.

During the past year we have maintained ten schools of nineteen weeks each, and think we can say in justice to our teachers and all others connected with the schools that they have had a very successful year. Although the ability of the teacher is a very important factor in the success of a school, yet no school is complete without the hearty cooperation of parents, scholars and teacher.

We think that our teachers, as a whole, have maintained good order in their several schools and have gained the esteem of their scholars. The board has been very fortunate in securing experienced teachers, and it has been our plan to retain their services during the entire year as far as possible, believing that a teacher can accomplish more and better work by being acquainted with the wants and needs of the pupils under their charge.

Time nor space will not permit us to speak of the merits of any particular teacher, but will say as a whole the scholars have accomplished much work, and that the efforts of our teachers have been well rewarded by the advancement made in the several studies. We are pleased to know that in some of our schools the parents have

manifested their interest in the welfare of the schools by visiting them at some time during the term; but in others they have neglected this.

We are also pleased to know that in some few schools all the scholars are on the Roll of Perfect Attendance; but most of the registers show a very irregular attendance on the part of some few. How can parents expect their children to make much advancement unless they are punctual at school? We appeal to the parents for their support in this matter.

From the fact so many of our scholars receive all their education so far as school privileges go in our common schools, it is of the greatest importance that the best methods be employed in order to secure the greatest good to the greatest numbers. The board saw fit at the beginning of the year to introduce a new series of Readers into a part of the schools and new Grammars in all, which we think was money well expended.

As to the condition of the several school houses, we would say that some of them are in need of repairs, such as shingling, &c., and would recommend that money be raised for that purpose at our annual school meeting; and as new seats have been put in some of the houses we think this should be continued and new seats be provided for all the rooms. This matter we leave for your consideration.

Thanking all those who have assisted in the work the past year and for all courtesies shown us, we are

Respectfully,

ARTHUR D. ROLLINS,
CHARLES P. HUNT,
PERRY E. HUNT,
